

Juan Felipe Sinisterra

## **Proyecto Integrador 1**

### **Functional Requirements**

#### **Municipality Reports**

The program must:

**FR1. Choose** a file from the system's file manager.

**FR2. Load** information from a chosen file.

**FR3. Show** all the data in a table view.

**FR4. List** all possible value types in a combo-box component for the user to select one.

**RF5. Filter** the data based on the value type selected by the user.

**RF6. Show** in a table the filtered data.

**RF7. Generate** a bar chart based on the filtered data.
